It is not relying on any communication (written or oral) of the Issuer as investment advice or as a recommendation to invest in the Notes, it being understood that information and explanations related to the terms and conditions of the Notes shall not be considered to be investment advice or a recommendation to invest in the Notes. No communication (written or oral) received from the Issuer shall be deemed to be an assurance or guarantee as to the expected results of the investment in the Notes.*
- (b) *Assessment and Understanding. It is capable of assessing the merits of and understanding (on its own behalf or through independent professional advice), and understands and accepts the terms and conditions and the risks of the investment in the Notes. It is also capable of assuming, and assumes, the risks of the investment in the Notes.*

(c) *Status of Parties. The Issuer is not acting as a fiduciary for or adviser to it in respect of the investment in the Notes.*

APPLICABLE FINAL TERMS - SUMMARY OF THE NOTES

Summaries are made up of disclosure requirements known as ""Elements". These Elements are numbered in Sections A – E (A.1 – E.7).

This Summary contains all the Elements required to be included in a summary for this type of Notes and Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary because of the type of Notes and Issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of "Not applicable".

SECTION A – INTRODUCTION AND WARNINGS

Element	
A.1	<p><i>This summary should be read as an introduction to the Base Prospectus and the applicable Final Terms.</i></p> <p><i>Any decision to invest in any Notes should be based on a consideration of this Base Prospectus as a whole, including any documents incorporated by reference and the applicable Final Terms.</i></p> <p><i>Where a claim relating to information contained in the Base Prospectus and the applicable Final Terms is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member State where the claim is brought, be required to bear the costs of translating the Base Prospectus and the applicable Final Terms before the legal proceedings are initiated.</i></p> <p><i>Civil liability attaches to the Issuer solely on the basis of this summary, including any translation of it, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus and the applicable Final Terms or, following the implementation of the relevant provisions of Directive 2010/73/EU in the relevant Member State, it does not provide, when read together with the other parts of this Base Prospectus and the applicable Final Terms, key information in order to aid investors when considering whether to invest in the Notes.</i></p>
A.2	<p>Not applicable – The Issuer does not consent to the use of the Base Prospectus for subsequent resales.</p> <p>Not applicable - the Notes are not being offered to the public as part of a Public Offer.</p>

SECTION B – ISSUER

Element	
B.1	<p>Legal and commercial name of the Issuer Banca IMI S.p.A.</p>
B.2	<p>Domicile / legal form / legislation / country of incorporation The Issuer is incorporated as a <i>società per azioni</i> with limited liability under the laws of the Republic of Italy. The Issuer is registered with the Companies' Register of Milan under No. 04377700150. Its registered office is at Largo Mattioli 3, 20121 Milan, with telephone number +39 02 72611.</p>

B.4b	<p>Trend information</p> <p>In accordance to the Intesa Sanpaolo Group's 2018-2021 Business Plan (approved on 6 February 2018 by the Board of Directors of Intesa Sanpaolo S.p.A.) the Issuer will be merged into the parent company Intesa Sanpaolo S.p.A..</p> <p>Merger transactions could cause uncertainties to business operations, particularly when unrelated companies are involved. Considering that Intesa Sanpaolo S.p.A. is the parent company of Banca IMI and that the merger takes place between two entities belonging to the same banking group, such merger is not expected to have any material adverse effects on the business of Banca IMI or the parent company.</p> <p>There are no other known trends, uncertainties, demands, commitments or events that are reasonably likely to have a material effect on the Issuer's prospects for its current financial year.</p>																											
B.5	<p>Description of the Group</p> <p>The Issuer is a company belonging to the Intesa Sanpaolo banking group (the "Intesa Sanpaolo Group"), of which Intesa Sanpaolo S.p.A. is the parent company.</p> <p>The Intesa Sanpaolo Group is the result of the merger effective 1 January 2007 of Sanpaolo IMI S.p.A. with Banca Intesa S.p.A. The former Banca Intesa banking group, prior to the merger, was also the result of a series of mergers, having been brought into existence in 1998 by the merger of Cariplo and Ambroveneto, followed in 1999 by the public exchange offer for 70 per cent. of Banca Commerciale Italiana, which was merged by incorporation in 2001. The former Sanpaolo IMI group was the result of the merger of Istituto Bancario San Paolo di Torino and Istituto Mobiliare Italiano in 1998, and of the subsequent integration of Banco di Napoli, in 2000 and of Gruppo Cardine, in 2002.</p> <p>The Issuer is the investment banking arm and securities firm of the Intesa Sanpaolo Group.</p>																											
B.9	<p>Profit forecast or estimate</p> <p>Not applicable - No profit forecasts or estimates have been made in the Base Prospectus.</p>

SECTION D – RISKS

D.2	<p>Key risks regarding the issuer</p> <p>In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified a number of factors which could materially adversely affect its business and ability to make payments due under the Notes.</p> <p>These factors include:</p> <ul style="list-style-type: none"> • Banca IMI is exposed towards governments, with particular reference to the Republic of Italy, and other public bodies in Europe and outside the Eurozone. The worsening of sovereign debt and its volatility, with particular reference to the differential in yield between Italian government bonds and other benchmark government bonds (the so-called spread), may have adverse effects on Banca IMI's business, financial condition or operating results. Furthermore, reductions in the rating of Italy, or forecasts that such reductions may occur, may cause the markets to become unstable and have a negative impact on the Issuer's operating results, financial conditions and prospects; • In accordance with the Intesa Sanpaolo Group's 2018-2021 Business Plan, Banca IMI will be merged into the parent company Intesa Sanpaolo S.p.A.. Merger transactions could cause uncertainties to business operations, particularly when unrelated companies are involved. Considering that Intesa Sanpaolo S.p.A. is the parent company of Banca IMI and that the merger takes place between two entities belonging to the same banking group, such merger is not expected to have any material adverse effects on the business of Banca IMI or the parent company; • Banca IMI's business may be adversely affected by international and Italian economic conditions, by financial markets trends, and by the developments and conditions in the markets in which Banca IMI operates. The outlook for global economic growth shows significant vulnerabilities and downside risks, primarily relating to the uncertainty of the recovery of trade and global manufacturing and geopolitical tensions, which remain high. In addition, the spread of COVID-19, with its implications for public health, the economy and trade, may have a significant dampening effect on global growth; • Banca IMI's business is exposed to counterparty credit risk. Banca IMI routinely executes transactions with counterparties in the financial services industry. Many of these transactions expose Banca IMI to the risk that Banca IMI's counterparty in a foreign exchange, interest rate, commodity, equity or credit derivative contract defaults on its obligations prior to maturity when Banca IMI has an outstanding claim against that counterparty;

	<ul style="list-style-type: none"> • Banca IMI's business is exposed to market risk, as the value of the financial and other assets held by Banca IMI in its trading portfolio may decrease as a result of changes in market variables; • Banca IMI's business is exposed to operational risks (i.e. the risks of incurring losses as a result of the inappropriateness or the malfunctioning of procedures, mistakes or shortcomings of human resources and internal systems, or external events); • Banca IMI's business is exposed to liquidity risk (i.e. the risk that Banca IMI will be unable to meet its obligations as they fall due or meet its liquidity commitments only at an increased cost); • Banca IMI is party to a number of legal proceedings including civil, tax and administrative proceedings that may lead to significant liabilities; • Banca IMI is exposed to risks arising from assumptions and methodologies for assessing financial assets and liabilities measured at fair value and linked to the entry into force of new accounting principles and to amendments to the applicable accounting principles. The estimates and assumptions used may vary from time to time and, as a result, in subsequent financial years the current values may differ, even significantly, due to changes in subjective assessments made or be otherwise reviewed to take account of changes occurred in that period; • Banca IMI operates within a highly regulated industry and it is subject to the supervision activity carried out by the relevant institutions (in particular, the European Central Bank, the Bank of Italy and CONSOB). Both the applicable regulation and the supervision activity are subject to ongoing updates and developments in the practice; • In the normal course of its business, Banca IMI is exposed to different types of risk (liquidity risk, credit risk, operational risk, risks linked to compliance, business risk, as well as reputational risk). In the event that Banca IMI's internal policies and procedures for managing these risks are not effective, Banca IMI will incur loss, which may also be significant, with adverse effects on Banca IMI's business or financial condition; and • Banca IMI's business is exposed to risk related to transactions in financial derivatives. Derivatives transactions expose the Issuer to the risk that the counterparty in derivative contracts defaults on its obligations or becomes insolvent before the relevant contract expires, when amounts are still payable to the Issuer by such party.
D.3	Key risks regarding the Notes
	<p>There are also risks associated with specified types of Notes and with the Notes and the markets generally, including:</p> <ul style="list-style-type: none"> • <i>The Notes may not be a suitable investment for all investors</i> Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances; • <i>Risks related to the structure of a particular issue of Notes</i> <ul style="list-style-type: none"> (i) <i>Euro-system Eligibility</i> The European Central Bank maintains and publishes a list of assets which are recognised as eligible collateral for Eurosystem monetary and intra-day credit operations. In certain circumstances, recognition may impact on (among other things) the liquidity of the relevant assets. Recognition (and inclusion on the list) is at the discretion of the Eurosystem and is dependent upon satisfaction of certain Eurosystem eligibility criteria and rules. If application is made for any Notes to be recognised and added to the list of

	<p>eligible assets, there can be no assurance that such Notes will be so recognised, or, if they are recognised, that they will continue to be recognised at all times during their life.</p> <p>(ii) <u>Calculation Agent's Discretion and Conflicts of Interest</u></p> <p>The Calculation Agent may make certain determinations in respect of the Notes, and certain adjustments to the Terms and Conditions of the Notes, which could affect amounts of interest and/or principal payable by the Issuer in respect of the Notes. The Terms and Conditions of the Notes will specify the circumstances in which the Calculation Agent will be able to make such determinations and adjustments. In exercising its right to make such determinations and adjustments the Calculation Agent is entitled to act in its sole and absolute discretion.</p> <ul style="list-style-type: none"> • <i>Risks related to Notes generally</i> <p>(i) <u>Modification, waivers and substitution</u></p> <p>The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. The Terms and Conditions of the Notes also provide that the Agent and the Issuer may, without the consent of Noteholders, agree to (i) any modification (subject to certain specific exceptions) of the Notes or the Coupons or the Agency Agreement which is not prejudicial to the interests of the Noteholders or (ii) any modification of the Notes, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or proven error or to comply with mandatory provisions of law.</p> <p>(ii) <u>Taxation</u></p> <p>Potential purchasers and sellers of Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred and/or any asset(s) are delivered or in other jurisdictions. In addition, it is not possible to predict whether the taxation regime applicable to Notes on the date of purchase or subscription will be amended during the term of the Notes. If such amendments are made, the taxation regime applicable to the Notes may differ substantially from the taxation regime in existence on the date of purchase or subscription of the Notes.</p> <p>(iii) <u>No Gross Up in respect of Certain Series of Notes</u></p> <p>The Issuer is not obliged to gross up any payments in respect of the Notes and shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Note and all payments made by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.</p> <p>(iv) <u>U.S. Foreign Account Tax Compliance Withholding</u></p> <p>The Issuer and other financial institutions through which payments on the Notes are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, "foreign passthru payments" (a term not yet defined) made two years after the date of publication of final U.S. Treasury Regulations defining the term "foreign passthru payment", or later. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued after the "grandfathering date" which is the date that is six months after the date on which final U.S. Treasury Regulations defining the term foreign passthru payment are filed with the Federal Register, or are issued on or before the grandfathering date and are materially modified thereafter, and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued on or before the grandfathering date, and additional Notes of the same series are issued after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.</p> <p>While the Notes are in global form and held within the clearing systems, it is not expected that FATCA will affect the amount of any payment received by the clearing systems. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. FATCA</p>
--	---

	<p>also may affect payment to any ultimate investor that is a financial institution not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose their custodians and intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. The Issuer's obligations under the Notes are discharged once it has paid the common safekeeper or common depository or safekeeper for the clearing systems (as bearer or registered holder of the Notes) and the Issuer has therefore no responsibility for any amount thereafter transmitted through the hands of the clearing systems and custodians or intermediaries. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA withholding. If an amount in respect of U.S. withholding tax were to be deducted or withheld from payments on the Notes, none of the Issuer, any paying agent or any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding of such tax. As a result, investors may receive a lesser amount than expected. Holders of Notes should consult their own tax advisers for a more detailed explanation of FATCA and how FATCA may apply to payments they receive under the Notes. FATCA is particularly complex and its application to the Issuer, the Notes, and investors in the Notes is uncertain at this time. The application of FATCA to "foreign passthrough payments" on the Notes or to Notes issued or materially modified after the grandfathering date may be addressed in the relevant Final Terms or a supplement to the Base Prospectus, as applicable.</p> <p>On 10 January 2014, representatives of the Governments of Italy and the United States signed an intergovernmental agreement to implement FATCA in Italy (the "IGA"), which entered into force on 1st July 2014. The IGA ratification law entered into force on 8 July 2015. Under these rules, the Issuer, as a reporting financial institution, will be required to collect and report certain information in respect of its account holders and investors to the Italian tax authorities, which would automatically exchange such information periodically with the U.S. Internal Revenue Service.</p> <p>(v) <u><i>The Common Reporting Standard</i></u></p> <p>The common reporting standard ("CRS") framework was first released by the OECD in February 2014 as a result of the G20 members endorsing a global model of automatic exchange of information in or of increase international tax transparency.</p> <p>On 21 July 2014, the Standard for Exchange Financial Account Information in Tax Matters was published by the OECD and this includes the CRS. The goal of the CRS is to provide for the annual automatic exchange between governments of financial account information reported to them by local reporting financial institutions (as defined) ("FIs") relating to account holders who are tax resident in other participating jurisdictions.</p> <p>Council Directive 2011/16/EU on Administrative co-operation in the Field of Taxation (as amended by Council Directive 2014/107/EU) ("DAC II") implements CRS in a European context and creates a mandatory for all EU to exchange financial information in respect of resident in other EU Member States on an annual basis commencing in 2017 in respect of the 2016 calendar year (or from 2018 in the case of Austria).</p> <p>At present, 102 jurisdictions have publicly committed to implement the CRS, with 49 being committed to start exchanges from September 2017 and a further 53 taking up exchanges in September 2018.</p> <p>The Issuer (or any nominated service provider) will agree that information (including to identify of any Noteholder) supplied for the purposes of CRS and DAC II compliance is intended for the Issuer's (or any nominated service provider's) used for the purposes of satisfying CRS and DAC II requirements and the Issuer (or any nominated service provider) will agree, to the extent permitted by applicable law that it will take reasonable steps to treat such information in a confidential manner, except that the Issuer may disclose such information (i) to its officers, directors, agents and advisors, (ii) to the extent reasonably necessary or advisable in connection with tax matters, including achieving CRS and DAC II compliance, (iii) to any person with the consent of the applicable Noteholder or iv) as otherwise required by law or court order or on</p>

	<p>the advice of its advisors.</p> <p>(vi) <u>Change of law</u></p> <p>The Terms and Conditions of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus.</p> <p>(vii) <u>Notes where denominations involve integral multiples: definitive Notes</u></p> <p>If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.</p> <p>(viii) <u>Reliance on Euroclear and Clearstream, Luxembourg procedures</u></p> <p>Notes issued under the Programme will be represented on issue by one or more Global Notes that may be deposited with a common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg (see "Form of the Notes"). Except in the circumstances described in each Global Note, investors will not be entitled to receive Notes in definitive form. Each of Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in each Global Note held through it. While the Notes are represented by a Global Note, investors will be able to trade their beneficial interests only through the relevant clearing systems and their respective participants. While the Notes are represented by Global Notes, the Issuer will discharge its payment obligation under the Notes by making payments through the relevant clearing systems. A holder of a beneficial interest in a Global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in any Global Note. Holders of beneficial interests in a Global Note will not have a direct right to vote in respect of the Notes so represented. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.</p> <p>(ix) <u>United Kingdom's exit from the European Union</u></p> <p>On 23 June 2016, the United Kingdom (the "UK") held a referendum on the UK's membership of the EU. The result of the referendum's vote was to leave the EU, which creates several uncertainties within the UK, and regarding its relationship with the EU. The result is likely to generate further increased volatility in the markets and economic uncertainty which could adversely affect the Notes. Given the current uncertainties and the range of possible outcomes, no assurance can be given as to the impact of any of the matters described above and no assurance can be given that such matters would not adversely affect the rights of the Noteholders, the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.</p> <ul style="list-style-type: none"> • <i>Risks related to the market generally</i> <p>(i) <u>The secondary market generally</u></p> <p>Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.</p> <p>(ii) <u>The Issuer will act as liquidity provider</u></p> <p>The Issuer may act as liquidity provider in relation to the Notes, among other things, also by publishing on his website the indicative value of the Notes determined by taking into consideration, for instance, the bid and ask prices in respect of the Notes and the hedging and/or unwinding costs. In this case, investors should take into account that such indicative value may significantly differ from the value of the Notes as quoted by other market makers and it should not be construed as the fair market price of such Notes nor as a fair estimation of consideration in respect of any disposal of such Notes.</p> <p>(iii) <u>Exchange rate risks and exchange controls</u></p> <p>The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversion if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency and/or, as applicable, the Payment Currency. These include the risk that exchange rates may significantly change and the risk that</p>
--	--

	<p>authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal. The above risks may be increased for currencies of emerging market jurisdictions.</p> <p>(iv) <u>Interest rate risks</u></p> <p>Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.</p> <p>(v) <u>Any decline in the credit ratings of the Issuer may affect the market value of the Notes</u></p> <p>The credit ratings of the Issuer are an assessment of its ability to pay its obligations, including those on the Notes. Consequently, actual or anticipated declines in the credit ratings of the Issuer may affect the market value of the Notes.</p> <ul style="list-style-type: none"> • Legal risks <p>(i) <u>Legal investment considerations may restrict certain investments</u></p> <p>Each prospective purchaser of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes (i) is fully consistent with its (or if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or if it is acquiring the Notes in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Notes. Potential investors should consult with their own tax, legal, accounting and/or financial advisers before considering investing in the Notes. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.</p> <p>(ii) <u>No reliance</u></p> <p>A prospective purchaser may not rely on the Issuer, the Managers, if any, or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above. None of the Issuer, the Managers, if any, or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective purchaser of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.</p>
